

'COURTSIDING' IS PROHIBITED

Basketball Australia and the SEABL prohibit the action of 'courtsiding' (or data streaming) live match information for any purpose by any individual or group of individuals.

Any person or persons suspected of courtsiding will be asked to cease immediately. If the action continues, the person or persons will be asked to leave the venue immediately and will be refused entry to any future league matches at this and other venues.

The National Integrity Framework for Australian Basketball can be found at: www.basketball.net.au/integrity
