

Basketball Australia Role Summary	
Role	Australian National Team Doctor (Elite Emerging & Junior National Teams)
About Basketball Australia	At Basketball Australia we proudly manage our elite national teams (Boomers & Opals, Rollers & Gliders plus men's and women's 3x3), our Centre of Excellence facility, elite competitions including Australia's longest running women's competition, the Women's National Basketball League (WNBL), major international competitions (FIBA), annual national junior championship events as well as Australian basketball's official junior game development program and other national programs and events.
The Role	<p>We are seeking applications from suitably qualified medical practitioners to support our elite Junior Women's & Men's National Teams (U17-U19) and our Emerging Opals & Boomers teams in 2023 as the Team Doctor, as they compete at national and international events which is part of the FIBA schedule of Basketball of which Australia is proudly represented.</p> <p>The National Team Doctor is a leadership position and will travel with the team on tour (and some camps) to each destination. The role will provide prompt proactive restorative and rehab programs and reactive medical treatment (including organising pathology & radiology if required) to athletes (and officials if needed), monitor compliance with relevant legislation, COVID protocols and code of medical practice. The Doctor will model our values and always manage in the best interest of the Athlete and the broader parameters of the best interests of Basketball Australia.</p>
